

Invitation to IRC 2023

General Assembly, Split, Croatia

Tuesday, 4 October 2022

Paula Koršňáková

Let us highlight and celebrate IRC 2021

irc | 9th IEA International Research Conference

Researching Education:
TRENDS & CHANGES

16-18 November 2021,
Dubai,
United Arab Emirates

BACKGROUND OF THE IEA IRC

The International Association for the Evaluation of Educational Achievement (IAEA) has been the leading international body in the field of large-scale assessment of education since the global initiative was launched in 1988. The IEA has been instrumental in the development of large-scale assessment systems, providing a framework for the design, implementation, and analysis of large-scale assessment systems. The IEA has been instrumental in the development of large-scale assessment systems, providing a framework for the design, implementation, and analysis of large-scale assessment systems.

WHY PARTICIPATE?

We seek top researchers, educators, and policy-makers interested in researching education and education-related issues. The IEA IRC offers a unique opportunity to meet and interact with such others and to share knowledge in a range of different sessions.

CONFERENCE THEMES

The theme of the 9th IEA IRC is *Researching Education: Trends and Changes*. Submissions should focus on research and practice in the following areas:

- Knowledge and practice of educational research
- Research using large-scale assessment data
- IEA data and practice in the 21st century
- The value of IEA data in learning and teaching practice
- Policy implications of IEA data
- Practice of using IEA data for evaluation or development at national and/or regional level

Location
Mohammed Bin Rashid University of Medicine and Health Sciences,
Dubai, United Arab Emirates

Date
22 - 24 June 2021

IEA

Our IRC 2023 host and sponsoring organizations

28–30 June 2023 - Dublin, Ireland

Hosted by

**Foras Taighde ar
Oideachas
Educational
Research Centre**

Sponsored by

**Fáilte
Ireland**

Where are we now?

- The call for submissions opened on 14 September 2022

28–30 June 2023, Dublin, Ireland

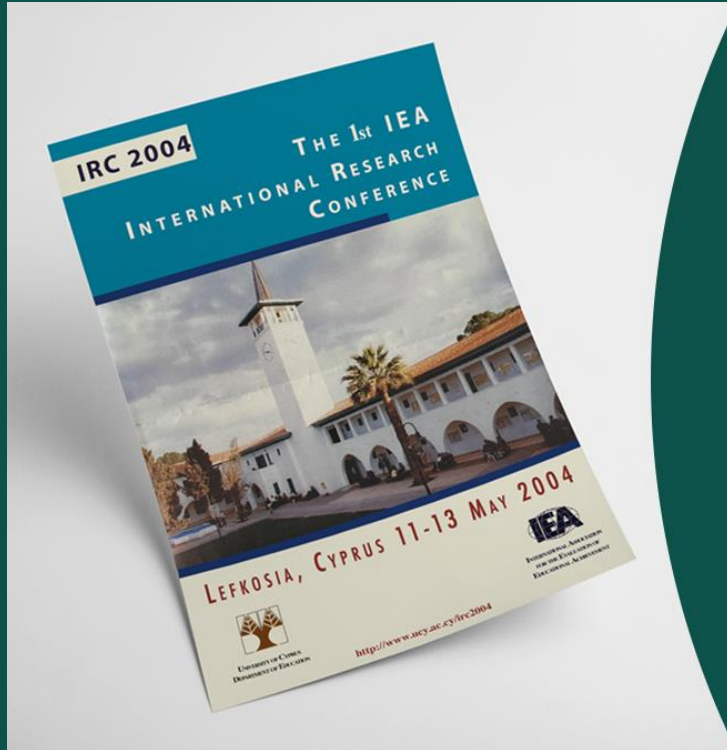

**CALL FOR SUBMISSIONS
NOW OPEN**

What is special about IRC 2023?

10th Anniversary of IEA IRC 2004–2023

Looking back

I am extremely impressed with how the IRC conference has established itself as a high caliber international research conference.

It has expanded greatly since the first conference that took place in Cyprus in 2004, and the ways in which the IEA data are utilized for the improvement of education worldwide has never ceased to amaze me.

**-Elena Papanastasiou,
Dean at University of Nicosia**

What lies ahead?

Sample scoring category

Scoring Grades

Reviewers will score each submission using the following criteria.

General

Relevance to IEA mission

Is the proposal related to IEA studies? Is it based on IEA data and/or other information linked to past, completed IEA studies (for example Frameworks, Encyclopedias)?

- | | |
|-----------------|--|
| 5. Excellent | The proposed research makes a valuable contribution to the IEA mission. |
| 4. Good | The proposed research makes good use of IEA data and/or other resources. |
| 3. Acceptable | The proposal uses IEA data only, or in conjunction with other data. |
| 2. Poor | The proposal uses IEA data marginally. |
| 1. Unacceptable | The proposal does not use IEA data at all, nor refer to it. |

Key Dates 2023:

14 September 2022:
Submission starts

01 December 2022:
Registration starts (also for workshop)

31 December 2022:
Submissions deadline

15 March 2023:
Accepted proposals announced

28 April 2023:
Final abstract submissions deadline

28 April 2023:
Registration deadline for presenters

15 May 2023:
Registration deadline for
all other participants

26–27 June 2023:
Pre-conference workshops

28–30 June 2023:
IEA International Research Conference,
Ireland

A preview of IRC 2023

- Pre-conference workshops
- Keynote speakers

Gerry Shiel

Leslie Ann
Rutowski

Carol Campbell

How to engage?

- Share IRC 2023 within your organizations and networks
- Send us a quote about your experiences at past IRCs
- Join IRC 2023 submissions review team
- Submit research findings from secondary analysis of IEA data as a paper, symposia or poster
- Become a session chair or discussant
- Join the conference in person and take advantage of this niche learning and networking opportunity

Looking forward to seeing you in Dublin, Ireland!
