

Participation Fees for ICILS 2028

October 2024

The International Computer and Information Literacy Study (ICILS) 2028 is a collaborative Study initiated by IEA, and funded both through the IEA's own resources and participants' contributions (hereafter also referred to as: "ICILS 2028").

Total Fee:

The international fee per country participating in ICILS 2028 is ICU 385,000 (€ 192.500 plus US\$ 192.500).

Payment Distribution:

Year	%	US\$	€
2025	20%	38.500	38.500
2026	25%	48.125	48.125
2027	25%	48.125	48.125

2029	10%	19.250	19.250
Total	100%	192.500	192.500

Countries paying the full five-year fee in the first year (2025) are granted a discount of 5%.

Payment Currency:

The participation fee (as per above) can be paid in € only (Option 1), in US\$ only (Option 2), or equally divided between € and US\$ (Option 3). Each country participant may choose an Option.

Benchmarking Fees:

A benchmarking participant, in terms of applicable fees, is a sub-entity of a country that already participates in the study or the second sub-entity of a non-participating country. The sub-entity must be clearly defined and unambiguously described. In the case of a sub-entity of a country that is not participating and where no other sub-entity is participating, the full participation fees apply. For sub-entities of countries already participating, 20% of the basic fee (as per above) applies. All benchmarking participants will be reported in a separate table of the international report.

Oversampling Fees:

For up to 150% of the minimum sample size, no additional fee is applied. For each 20% (schools) above the 150% of the minimum sample size, an additional 10% fee is applied.
